Lunenburg Dog Park Society
Green Street, Lunenburg
info@lunenburgdogpark.com

To whom it may concern;

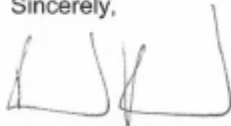

Rikjak Projects Inc. is the adjacent landowner of the proposed dog park on Starr Street in Lunenburg. We fully endorse the efforts of the Lunenburg Dog Park Society to establish a dog park on Starr Street. Our office is a dog-friendly business with "Grady" an 18-month old Chocolate Labrador Retriever spending regular office hours most weekday mornings.

Grady is a valuable asset to Rikjak in that he participates in our healthy lifestyle program by accompanying the company President on walks to work in the morning and daily post office visits. Grady improves office morale through his enthusiasm and happy demeanor. He also willingly greets all visitors to our office.

A dog park would be an ideal venue for exercise and socialization for our dogs and their human companions. Grady would certainly look forward to the opportunity to run freely in a protected environment designed for canine activities. Many dogs and their companions pass by our office on Starr Street everyday, so the dog park location on Starr Street seems to be a good location.

In addition to endorsing the efforts of the Lunenburg Dog Park Society, Rikjak is also willing to assist by donating materials and labour for the construction of some simple ramps, steps, etc. to function as play equipment for the dogs.

Sincerely,

Richard Redmond, President
RIKJAK PROJECTS INC.
